

FEMA FIRM Update Carbon County, Wyoming

FEMA Tentative Schedule for Public Zoom Meetings:

- September 14th at 5:00pm for Saratoga
- September 15th at 5:00pm for Baggs
- September 16th at 5:00pm for Medicine Bow / Elk Mountain

I am offering my time to coordinate and set-up a venue for the purpose of any resident that does not have access to zoom, as a place to come and simply watch the zoom meeting.

This venue is not a place for questions/answers, I will not have any additional information or answers. It will simply be a place that if a resident can not access zoom from home, they have a place to come.

I will be REQUIRING Face Coverings on everyone, staff and public, this is not negotiable.

Residents should be informed that if they can watch the zoom meeting at home, they should do so, and only come to the venue if they can not access zoom. There is no added benefit to the venue and no additional information will be accessible at the venue. The venue will simply be a place to watch the zoom meeting and as a reminder, Face Coverings will be Required.
